## SUMMARY

Enthusiastic student pursuing web development with a keen interest in creating dynamic and visually appealing websites. Proficient in HTML, CSS, and JavaScript, with hands-on experience in building basic web applications and prototypes. Eager to expand skills in front-end frameworks like React or Vue.js and backend technologies like Node.js or Django. Dedicated learner with a strong academic foundation and a passion for staying updated on the latest web development trends and tools. Seeking opportunities to gain practical experience through internships or entry-level positions to further grow and contribute to the field.
